Foran Mining Corporation (FOM-TSX.V), a modern mining company that wants to change what mining means to people, is seeking **Expressions of Interest** to join their team on the McIlvenna Bay project.

The McIlvenna Bay Cu-Zn-Au-Ag deposit is one of the largest undeveloped VHMS deposits in Canada. Foran recently completed a feasibility study for the deposit and is undertaking advanced exploration activities in 2022. The McIlvenna Bay deposit's core commodities are critical for the global transition to green energy and Foran aims to extract these critical minerals in a sustainable manner by empowering local communities, contributing to circular economies and protecting the environment for future generations.

Foran is committed to building a skilled and diverse workforce as we move into our next phase of growth.
